Datavideo Introduces a 4K All-in-one Video Switcher with Built-in Camera Control, Streaming, and Recording.

Las Vegas, NV – April 24, 2022 – Datavideo announces, at NAB 2022 booth #N4120, the ShowCast 100, 4K all-in-one video switcher with built-in camera controller, streaming encoder, recorder, and a 14-inch touch panel control for easy operation and monitoring all the sources. The ShowCast 100 features joystick, knob, and preset buttons for controlling pan, tilt, zoom of up to three Datavideo PTZ cameras with resolutions up to 4K60p.

The ShowCast 100's built-in dual streaming encoder enables streaming up to two CDN's and records to an SD card simultaneously in resolutions up to 1080p. At the same time, it outputs 4K60p for screens, LED walls, projectors and external recorders.

"ShowCast 100 is the easiest, most intuitive 4K60p switcher for any single operator production looking for superior video optics to a 4K projector at a large venue", says Craig Moffat, Managing Director of Datavideo US. "There is no other 4K60p hardware switcher in the world that has built-in tactile camera controller for PTZ cameras, touch screen switching with a tactile transition wheel and a 14-inch quad view touchscreen monitor."

Availability and Price

ShowCast 100 MSRP price is \$4,399 and will be available through authorized Datavideo resellers end of April 2022.
